

Introduced by Senator Cannella

February 8, 2011

An act to amend Section 434 of the Food and Agricultural Code, relating to state agriculture.

LEGISLATIVE COUNSEL'S DIGEST

SB 196, as introduced, Cannella. State agriculture: informational materials.

Existing law requires the Department of Food and Agriculture to issue and cause to be printed and distributed to county agricultural commissioners, and to other persons as specified, illustrative materials or statements which contain information which is best adapted to advance the interest, business, and development of agriculture in the state. Existing law also authorizes the department to broadcast portions of illustrative materials or statements to exhibit or display data and material that have been collected or prepared, and to incur expenses which are necessarily incidental to the exhibit or display of that data and material.

This bill would make technical, nonsubstantive changes to those provisions.

Vote: majority. Appropriation: no. Fiscal committee: no.
State-mandated local program: no.

The people of the State of California do enact as follows:

- 1 SECTION 1. Section 434 of the Food and Agricultural Code
- 2 is amended to read:
- 3 434. The department shall issue and cause to be printed and
- 4 distributed to the commissioners, and to ~~such~~ other persons as it

1 may deem proper, bulletins, charts, photographs or other illustrative
2 material or statements which contain all the information which is
3 best adapted to advance the interest, business, and development
4 of agriculture in the state. The department may broadcast-~~such~~
5 *those* portions of the illustrative material or statements-~~as that~~ are
6 adapted to give effect to this code. It may exhibit or display-~~such~~
7 data and material-~~as that~~ have been collected or prepared, and may
8 incur expenses which are necessarily incidental to the exhibit or
9 display of-~~such that~~ data and material.

O
